Tony:

Unfortunately, we are unable to complete our review of the federal consistency certification for North Anna Early Site Permit within 60 days as you requested. As you know, that 60-day review period ends today 5/20/2005. The federal consistency regulations allow six months (with a status report due within 90-days) for consistency certifications. However, we agreed to expedite the review to facilitate your timelines. We anticipate that our review will be finished soon. Thank you for your understanding.
