Re: Barry Brotman, M.D. - Radioiodine Therapy

I am certified in Nuclear Medicine, Endocrinology and Internal Medicine.

During the last five years, I have worked with Dr. Brotman giving radioiodine therapy for hyperthyroidism in at least 20 patients and radioiodine therapy for thyroid cancer in at least 10 patients.

If I can be of further assistance, please do not hesitate to call.

Sincerely,

Abbas Motazedi, M.D., F.A.C.E.
