BOARD OF NATURAL RESOURCES

State Office Building
Annapolis

REVISED AGENDUM
Meeting of June 6, 1960

A revised agendum is enclosed. Attention is called to the following arrangements for the meeting.

1. There will be three sessions, one at 10 A.M., one at 11 A.M. and one at 4 P.M.

2. All three sessions will be held in Francis Scott Key Memorial Hall, St. John's College, Annapolis. Ample parking space will be available at the entrance to the building off St. John's Street.

3. Luncheon will be provided for Board members and guests in the Chesapeake Room of Carvel Hall at 11:45 A.M.

That part of the agendum which deals with the atomic reactor is divided into a number of topics which appear to provide a synopsis of the more important problems. A speaker is designated to introduce each topic.

The agendum is not intended to limit discussion. All who attend the meeting are encouraged to ask questions and otherwise to participate in the deliberations.

William H. Bayliff
Executive Secretary
