

Project 245

Docket 50-171

AUG 25 1961

Mr. Robert McClosky
Nucleonics Magazine
330 West 42nd St.
New York 36, New York

Dear Sir:

We have transmitted today, under separate cover, a copy of Part B, Volume I, Preliminary Hazards Summary Report - Peach Bottom Atomic Power Station. As per our telephone conversation of August 24th, we would appreciate having this report returned to the Commission.

Sincerely yours,

Martin B. Biles, Chief
Test & Power Reactor Safety Branch
Division of Licensing and
Regulation
