

NOV 17 1961

Docket No. 50-171

Mr. Donald L. McKernan, Director
Bureau of Commercial Fisheries
Department of Interior
Washington 25, D. C.

Dear Mr. McKernan:

Forwarded for your information is a copy of Volume I - Plant Description and Safeguards Analysis and Volume II - Site and Environmental Information constituting the Preliminary Hazards Summary Report submitted by the Philadelphia Electric Company in connection with its application to construct a power demonstration reactor at Peach Bottom, Pennsylvania.

The AEC has issued the attached Notice of Hearing to be held on December 18, 1961 to consider the issuance of a construction permit for this proposed facility. A copy of the report of the Advisory Committee on Reactor Safeguards is also attached. The safeguards analysis by the AEC staff referred to in the notice will be forwarded to you when it is made available to the public.

Meanwhile, if you or members of your staff have any question about any aspect of our review of the health and safety considerations involved in the Philadelphia Electric Company's application, please feel free to contact this office.
