

NOV 30 1961

Mr. Howard Tome
County Commissioner
Cecil County
Elkton, Maryland

Dear Mr. Tome:

Attached for your information is a copy of the Hazards Analysis prepared by the Staff of the Division of Licensing and Regulation on the Philadelphia Electric Company, Peach Bottom Atomic Power Station which was distributed to those state and local officials who attended the meeting at the AEC Headquarters on November 29th.

I am also attaching a copy of the preannouncement to be released on December 1, 1961, regarding the informal public meeting on the proposed reactor to be held December 8th, in the Delta Community Hall, Delta, Pennsylvania.

Sincerely yours,

Martin B. Biles, Chief
Test & Power Reactor
Safety Branch, Division of
Licensing and Regulation

Enclosures:

1. Hazards Analysis
2. Press Release
