ORDER PERMITTING INTERVENTION

On December 6, 1961 the Commonwealth of Pennsylvania, at the instance of its Sanitary Water Board and its Department of Health filed a petition to intervene in this licensing proceeding involving the applicant's proposed 40,000 kilowatt gas-cooled demonstration power reactor to be located in the Commonwealth of Pennsylvania at Peach Bottom, York County. It appears that the Sanitary Water Board and the Department of Health of the Commonwealth of Pennsylvania are governmental agencies interested in protecting the uses of waters and the health of citizens within the Commonwealth of Pennsylvania, and thus have shown an interest in these proceedings which warrants a granting of the petition to intervene. The parties have no objection to the requested intervention. ACCORDINGLY,

IT IS ORDERED on this 14th day of December 1961 that the petition to intervene by the Commonwealth of Pennsylvania filed on December 8, 1961 IS GRANTED and the Commonwealth of Pennsylvania IS MADE A PARTY to this proceeding.
