Mr. Lynch -

Per our telephone conversation this day:

Dr. Sherrie Flaherty and Mr. Brandon Juran will serve as back-up in the Minnesota Agreement State Program until they are fully qualified (have met the core training requirements). In the interim, all inspection and licensing activities will be performed by Timothy Donakowski, John Goepferd, and Craig Verke who were identified in the original Agreement State Application dated July of 2004. (See attached.) The three staff members in that application have been fully qualified by me in accordance with the Inspector and License Reviewer Qualification Journal.

It should be noted that all three staff will be assigned full time to the Agreement State Program.

Regards,
