Mr. Kinneman:

Alaron Corporation is the holder of NRC Radioactive Material licenses, 37-20826-01/02. Alaron's parent corporation intends to transfer 100% percent of the stock in Alaron to another subsidiary. Please review the following data and proposed transfer of ownership, we would appreciate your issuing Alaron a letter of "No Contest" for the transfer. We expect the transfer to take place on June 30, 2005

Current Ownership:

Alaron Corporation is and has been a wholly owned subsidiary of SARP Industries Suisse (formerly know as Recytec SA) in Switzerland. SARP Industries Suisse is a wholly owned subsidiary of Veolia Environment in Paris France. The current management of Alaron has not changed since 1998.

Proposed Ownership

SARP will transfer 100% of the stock of Alaron Corporation to Onyx/Alaron L.L.C. in Chicago, Illinois. Onyx/Alaron L.L.C. is a wholly owned subsidiary of Onyx Environmental Services. Onyx Environmental Services L.L.C. is a wholly owned subsidiary of Veolia Environment. Hence the transfer of ownership will occur entirely within the Veolia Environment family of companies. Alaron Corporation will continue to exist as a legal entity. The management of Alaron Corporation will remain intact. The source of financial guarantee for decommissioning will be changed. A new financial guarantee will be in place prior to the ownership change.

Please review the attached chart for a visual presentation of the above description.

The change in ownership is proposed for the following reasons:

Administering Alaron Corp from Switzerland was logistically cumbersome from both a management and accounting perspective.

Onyx Environmental and Alaron will realize business synergies by being managed from a single point in the United States.

Sincerely,

**Joseph M. Harverson
