Re: NRC License No.29-28041-01

Dear Sirs,

We are reviewing a license application for Truong Medical Center, wherein the sole user of radioactive material and the Radiation Safety Officer will be Paul T. Truong, M.D. The documentation provided for his training included NRC License Number 29-28041-01, wherein he is identified as an authorized physician user.

We have information that NRC Headquarters is reviewing the recent licensing action of April 8, 2005 for Amendment No. 21 of that license due to Dr. Truong's not being licensed to practice medicine in New Jersey, where the licensee operates.

Please advise this office as to your final decision on whether or not this individual is removed from that NRC License.

If I may provide additional information, please contact me at (512) 834-6688 extension 2213; or by electronic mail at francis.towey@dshs.state.tx.us.

Sincerely,

Francis X. Towey
