Re: Amendment to USNRC License # 45-21206-01 HCA Pulaski Community Hospital

03019931

To Whom It May Concern:

Pulaski Community Hospital (PSK) wishes to amend its current USNRC materials license to reflect changes in staff. In the near future (approximately through August 2004) we will be operating with several temporary physicians. The Radiation Safety Committee convened on 2 May 2005 and discussed the credentials of the physicians involved and found them to be sufficient to meet the qualifications as listed in 10 CFR part 35 for their respective uses. We will inform the Commission in writing when we have permanent nuclear medicine authorized users.

1. Add Authorized User: We would like to **add Ronald Lee Washburn, MD** as an Authorized User to our materials license for uses as described in 10 CFR 35.100, 200. Dr. Washington is certified by the American Board of Radiology in **Diagnostic Radiology** (1977), also Dr. Washburn is listed for uses as described in 10 CFR 35.100 and 200 on Community Memorial Hospital's USNRC materials license #45-19273-01.
2. Remove Authorized User: Please **remove Robert Cirillo, MD** from our materials license. Dr. Cirillo is no longer practicing Nuclear Medicine at Pulaski Community Hospital.

If you have any further questions regarding this amendment request or would like to discuss it further do not hesitate to contact Dr. Anthony or myself. Dr. Anthony may be reached at (540) 563-0165 (office) or (540) 353-3139 (cell)

Sincerely,
