I contacted Mr. Berkeley regarding the revised license renewal application he submitted to the NRC in a letter dated June 7, 2005. My preliminary review of this document indicated that there were a number of questions that would need to be addressed by the licensee in order for the submittal to full-fill the information needs recommended in NUREG-1556, Volume 1. Based upon this discussion, Mr. Berkeley stated that he was going to resubmit his renewal using the suggested format included in Appendix B of NUREG-1556, Volume 1. He stated that we should hold our action on this matter until we receive this submittal which will be sent to the NRC early next week (week of June 20, 2005).
