Docket No(s). 030-05233

Name of Licensee: Conopco dba Unilever Research and Development - Edgewater

Name of Participant(s): Scott Spoerl

Telephone No. 201-894-2794

Subject: Request to release a facility

(NOTE: This will be used as the
Documents Title in ADAMS)

Summary: Scott Spoerl returned my call to Dennis Quinn, the RSO who is listed as the contact person. I called because the "Final Status Survey Report" document that was submitted has printed at the top of each page "Privileged and Confidential". I had left the message with Dennis Quinn that, if they wanted this information kept as confidential, they needed to submit the request in accordance with 10 CFR 2.790. I also discussed that final status survey reports do not typically meet the criteria for confidential information.

Mr. Spoerl confirmed that they will NOT request that this information be kept confidential pursuant to 10 CFR 2.390. He said that the "privileged and confidential" statement on the page was printed by the contractor who performed the surveys and issued the report, and Conopco/Unilever does not consider this to meet their requirements for confidentiality.

He also asked about the time frame of review of this document. Because I have looked at a good part of the report already, I told him that I would be the reviewer. Next steps is to complete the review, write the EA, send the EA to NJDEP for review, and issue the Federal Register notice. I told him to call me anytime he wants to know the status of the progress through this process.

Action Required: Telecon to LAT for pending; return incoming to LAT for processing without regard to the 'privileged and confidential' statement.
