SUBJECT: Question re: license amendment

SUMMARY

I called Dr. Hargrave re: his 5/25 letter in which he informed us that they were planning to name a new RSO and that we could incorporate that action into this action (MC 137007) to remove Ni-63 from the license. I asked if they were prepared to submit T&E info for a new RSO and Dr. Hargrave informed me were not. He indicated that we should go ahead and complete MC 137007 and they would submit for the RSO change at a later date. The current RSO will continue until such time as a new RSO is approved.
