MEMORANDUM TO: Scott W. Moore, Chief
Rulemaking and Guidance Branch
Division of Industrial and Medical Nuclear Safety
Office of Nuclear Material Safety and Safeguards

FROM: Michael T. Lesar, Chief //RA//
Rules and Directives Branch
Division of Administrative Services
Office of Administration

SUBJECT: CONCURRENCE ON DIRECT FINAL RULE REVISING 10 CFR PART
72 — "LIST OF APPROVED SPENT FUEL STORAGE CASKS (NAC-
UMS) AMENDMENT 4" (RIN 3150-AH75)

The Office of Administration (ADM) concurs in the subject rulemaking, with the exceptions noted in the attached mark-up of the package.

When forwarding the rule for publication in the *Federal Register*, please have your staff note the following publication requirements.

- The package must include all items listed in the attached **ADM Publication Package Checklist**.
- All documents transmitted must be **placed in ADAMS** before the package is sent to ADM. See the Publication Package Checklist for instructions on profiling the rule and Congressional letters in ADAMS.
- The attached **ADAMS Public Availability Checklist** must be completed and returned with the final publication package.
- After publication of the *Federal Register* notice, a **Regulatory History** for this rule must be created in ADAMS. To facilitate generation of the regulatory history using the ADAMS report function, enter the Regulation Identifier Number (RIN) for the rule (RIN 3150-AH75) as the Case/Reference Number in the ADAMS profile of each document related to the rulemaking.

If you have any questions about this matter, please contact me at 415-7163 (MTL), or Betty Golden (BKG2) at 415-6863.
