

June 23, 2005

Mr. Dale Liberty  
1520 East Basin - Suite 3  
Pahrump, Nevada 89860

Dear Mr. Liberty:

I want to express the appreciation of the NRC to you and your staff—in particular, Ken Hunt and Ross Beckman—for helping to make the NRC/DOE Quarterly Management Meeting and video conference held at the Pahrump Ambulance Facility on June 6, 2005, an unqualified success. That facility had never hosted such an event, but thanks to your efforts, the meeting took place without a hitch. You were especially instrumental in obtaining the equipment for the ISDN interface, in facilitating the interactions with the telephone company, and in arranging testing with the NRC to identify and correct problems with the video conference equipment and transmission.

My staff has told me what a pleasure it was to work with you and have credited your dedication and leadership with making this meeting a success. The NRC will welcome the opportunity to conduct more such events in Pahrump in the future.

Sincerely,

**/RA/**
