

June 23, 2005

Scott Lewis, Chief  
Pahrump Valley Fire and Rescue Service  
300 N. Highway 160  
Pahrump, Nevada 89060

Dear Chief Lewis:

I want to express the appreciation of the NRC to you and your staff—in particular, Dee Dee Koumrian—for your help in making the NRC/DOE Quarterly Management Meeting and video conference held at the Pahrump Ambulance Facility on June 6, 2005, an unqualified success. The building was an ideal facility in which to hold such a meeting, and the room arrangement and other logistical details were highly satisfactory.

I also want to thank you for extending the business hours to allow time for our informal open house in which the public had the opportunity to meet the NRC staff and management in an atmosphere conducive to the dialogue and information exchange that citizens need and want with their Federal officials. This event was well-attended by the public and was also highly successful.

The NRC is very grateful for your assistance in these endeavors and will welcome the opportunity to conduct more such events in Pahrump in the future.

Sincerely,

**/RA/**
