

June 23, 2005

MEMORANDUM TO: Donnie H. Grimsley
Information and Records Services Division
Office of Information Services

FROM: Michael T. Lesar, Chief *//RAI//*
Rules and Directives Branch
Division of Administrative Services
Office of Administration

SUBJECT: REQUEST TO POST SUPERCEDED POLICY STATEMENTS ON THE
WEB

This memorandum responds to Francine Goldberg's June 15, 2005, memorandum to Mark Flynn concerning Mr. Levin's request that a superceded policy statement be included in the compilation of policy statements appearing on the NRC Public Web site.

Although the Rules and Directives Branch routinely informs the Web staff when a new or revised policy statement is published in the Federal Register so that the compilation remains current, any change to the substantive scope of the material presented on the policy statement Web page should be coordinated with the Office of the Secretary (SECY). Policy statements are signed by SECY and the ultimate responsibility for substantive decisions regarding this material and the contents of this Web collection rightly resides with SECY.

However, we do not recommend the posting of superceded policy statements on the Web. The purpose of the policy statement compilation that appears on the Web, as it was with the compilation appearing in the discontinued NRC Rules and Regulations, is to provide public access to those policy statements that are currently effective. Superceded policy statements were routinely removed from the compilation of policy statements in the discontinued NRC Rules and Regulations. A practice that we began under the direction of SECY in the 1980s.

If you have any questions about this matter, please contact me at 415-7163 (MTL).
