41-25370-01/030-34258

Terry:

This is in regard to our phone conversation on Friday, June 3, about the need to state the amount of decommissioning financial assurance in the Certifications for each license. I have consulted our Financial Assurance expert at Rockville (Tom Fredrichs). He has confirmed that the Certification must state the amount of financial assurance provided by the selected instrument. This is based on the interpretation of 10 CFR30.35(b)(2). Please provide an addendum to the Certification, listing the financial assurance amount for each license. The signatory should be provided by a TVA "official". This would be an individual with sufficient authority to commit such funds (e.g. a CFO or other such officer).

Thank you for your continued support on this matter,  
Please contact me if you have any additional questions or concerns,
