PROPRIETARY INFO REMOVED,  
MAY BE MADE PUBLIC

Len,

Attached is a revised set of draft RAIs for the EPU. These supercede the set I emailed on 6/21/05. The changes since last time are:

- 1) Added new RAI questions EMEB-72 through EMEB-119 concerning the steam dryer.
- 2) Deleted RAI question SPLB-A-26 on the Reactor Auxiliary Cooling Water Systems (followup question to RAI SPLB-A-16). Based on our conference call on 6/27 the staff determined that the question was not necessary.
- 3) Renumbered RAI questions SPLB-A-27 through SPLB-A-30 as SPLB-A-26 through SPLB-A-29 due to deletion of question discussed above.

Note, the new steam dryer questions (72 through 199) likely contain proprietary information. Please send to your contractors and indicate wording that needs to be redacted.

We can set up a telecon on the new questions whenever you're ready as needed. Also, we need to establish a response time for all the RAIs so I can issue these formally (hopefully next week).

thanks,

Rick
