Dear Ms. Janda:

Enclosed please find ETI's updated Decommission Funding Plan. I hope that this revised plan meets the appropriate protocol.

Per our earlier conversations the labor rates for decontamination, survey and management of the project have been modified to reflect current contractor rates prevalent in the commercial nuclear power industry. If the NRC agrees with this plan we would prefer to delay funding it until sometime just before we bring radioactive material on site.

If you have questions concerning this plan or any other related issues please contact me at your convenience.

Sincerely,

Mark Fellows  
Vice President
