Steve, this is to confirm our conversation today of our acceptance to review a facility developed written initial exam (retake) to be reviewed by NRC during the week of 4/18/05 and to be administered shortly thereafter upon satisfactory resolution of comments. For scheduling purposes we will use May 1, 2005.

Chief Examiner: Joe D'Antonio, Supporting Gil Johnson.

Cyndi Bixler, please put this email in our RIS response file since it is an impromptu change to the schedule.
