Subject: ACTION: Paper on LLW and GTCC due to CHAIRMAN: Information on disposal in salt mines
Place: RidsEdoMailCenter

Larry,
Heads up this request that just came in from the Chairman. Short paper is due there on the 6th so please have it to the EDO by COB on the 5th (just a bit more than one working day from now, I realize). Sandi indicated the Chairman had to get it to Voinovich, so there's not any wiggle room on the delivery date. Keep it simple, short and just cover what we know.

ACS, Please ticket this to NMSS for July 5th.

thanks
chris

Subject: Information on disposal in salt mines

Chris

During the Chairman's meeting with Senator Voinovich this week, the Senator raised the issue of disposal of LLW and GTCC in salt mines. As a followup to this meeting, the Chairman wants to provide Senator Voinovich with information summarizing NRC's knowledge regarding the disposal of LLW and GTCC in salt mines - either domestic or international. Would you please request that the appropriate staff prepare a summary of no more than two pages on this topic. The staff needs to provide this information by COB Wednesday, July 6.

Thanks
Sandi
