Mail Control No.: 137118	License No.: 45-25330-01	Docket No.: 030-33825
Licensee/Applicant Participant(s): Eli Port, Consultant	Organization: Radiocat	Telephone No.: (847)965-1999
Person(s) Calling: Jim Dwyer		
Subject: Expedited amendment of the Radiocat license amendment		
Summary: Mr. Port called to request that the license amendment be expedited to add Nancy Gustafson, DVM, to the license as an authorized user. I quickly reviewed the amendment and noted the licensee reported no experience for Dr. Gustafson with I-131. Mr. Port checked with Dr. Gustafson and determined she had no experience with this isotope. Mr. Port asked that the request to add Dr. Gustafson be withdrawn until such time as she received the training and experience needed. I told Mr. Port this would be done. The request to add a facility to the license is still needed although there is no need for an expedite of this request.
