Ronda,

I used the WordPerfect "publish to pdf" option to convert the RAIs to a pdf file (attached) so you could see the double brackets.

thanks,

Rick

Thank you, Rick. I'll be out of the office today. If you need to reach me today, please contact me by pager. I'll check my E-mails throughout the day.

Re: this document, when I open it, converted to Word on my home computer, I do not see double brackets. I'm guessing the brackets are lost in the conversion process.

Ronda

**Subject:** VY EPU - Revised RAI Draft 5 (Contains ProprietaryInformation)

Ronda,

Attached is a revised set of VY EPU RAIs. These supercede the set I emailed on 6/28/05. The changes since last time are as follows:

1) Added new steam dryer RAIs EMEB-120 through EMEB-146.

2) Replaced GE methods RAIs SRXB-A-24 through SRXB-A-88 with edited and renumbered RAIs SRXB-A-24 through SRXB-A-58. These changes reflect which RAIs the NRC staff believes still apply based on the alternate approach discussed at the 6/30/05 meeting. I've also added double brackets [[abcdef]] to indicate proprietary information.

Entergy actions related to these RAIs are as follows:

1) Confirm with your vendors that proprietary information in the entire set of RAIs is marked accordingly.

2) Provide a response timeframe so I can issue the RAIs formally.

Let me know if you want to set up conference calls on any of questions we have not discussed.

thanks,

Rick
