SUBJECT: TECHNICAL ASSISTANCE REQUEST - REVIEW OF GUNNISON AND DURANGO GROUND WATER COMPLIANCE ACTION PLANS

I request technical assistance from your section in the completion of the following projects:

PROJECTS: Gunnison Ground Water (GW) Compliance Action Plan (CAP)
Durango GW CAP

DOCKET NO./ TAC NO: Gunnison: WM-61/TAC L51108
Durango: WM-48/TAC L51085

LICENSE: General license pursuant to 10 CFR 40.27

REQUESTED ACTION:

Gunnison: Review the revised GW CAP to verify that the staff's comments on the draft GW CAP have been incorporated. If the comments have not been addressed, prepare a supplementary request for additional information supported by a draft technical evaluation report (TER). If the comments have been addressed prepare a TER that documents the bases for approval. Mr. Ron Linton, now with the Environmental and Performance Assessment Directorate, conducted the earlier review. This review should be completed first.

Durango: Review the draft GW CAP to verify compliance with NRC's requirements. Prepare a request for additional information supported by a draft TER.

We estimate that the full review will require approximately 160 hours.

To facilitate this request, we ask that you respond by July 8, 2005.

Our technical point of contact for this review will be Mr. Stephen Cohen. Please contact Mr. Cohen for copies of the documents and related historical files.

Please provide the information requested below and return a completed copy to the respective Project Manager (PM) or the Licensing Assistant (LA).
