Ladies and Gentlemen:

ULNRC-05165

**DOCKET NUMBER 50-483  
CALLAWAY PLANT UNIT 1  
UNION ELECTRIC CO.  
WITHDRAWAL OF LICENSE AMENDMENT REQUEST OL-1225  
REGARDING PROPOSED CHANGES TO TECHNICAL SPECIFICATIONS  
FOR EXTENSION OF  
REQUIRED ACTION COMPLETION TIMES FOR DIESEL GENERATORS**

Reference 1: AmerenUE Letter ULNRC-04866, "License Amendment Request OL-1225 – Revision to Technical Specifications for Extension of Required Action Completion Time for Diesel Generators," dated June 27, 2003

Reference 2: AmerenUE Letter ULNRC-04917, "Revision of License Amendment Request OL-1225 Regarding Proposed Changes to Technical Specification for Extension of Required Action Completion Times for Diesel Generators," dated December 19, 2003

Reference 3: AmerenUE Letter ULNRC-04911, "Response to Request for Additional Information Regarding License Amendment Request OL-1225 (Revision to Technical Specifications for Extension of Required Action Completion Time for Diesel Generators)," dated January 30, 2004

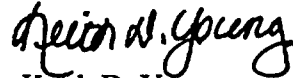

Per the letter of Reference 1, and as supplemented and/or revised by the letters identified as References 2 and 3, Union Electric Company (AmerenUE) submitted to the NRC an application for amendment of the Callaway Facility Operating License (License No. NPF-30) to incorporate proposed changes to the Technical Specifications. The essential change that was proposed would have revised Technical Specification (TS) 3.8.1, "AC Sources – Operating," to allow a longer Required Action Completion Time (allowed outage time) for an inoperable diesel generator, based on a risk-informed evaluation of the longer Completion Time, when removing the diesel generator from service to perform voluntary, planned maintenance.

A001

The subject amendment request is still under review by the NRC staff. However, a telephone conversation was conducted between AmerenUE and NRC personnel on May 26, 2005 to discuss the status and continued NRC review of AmerenUE's amendment application, and it was determined that the amendment request should be withdrawn. This letter is therefore submitted to request withdrawal of AmerenUE's amendment application, based on the May 26 discussion.

Please contact us for any questions you may have regarding the requested action.

Very truly yours,

A handwritten signature in black ink, appearing to read "Keith D. Young".

Keith D. Young  
Manager – Regulatory Affairs
