Subject: Courtesy Call Regarding Renewal of License.

(NOTE: This will be used as the Documents Title in ADAMS)

Summary: 14:00 I spoke with Mr. Rumbaugh. He stated that he would have the person working on the renewal application get back in touch with me. He believed that it was completed and may have been sent in to the NRC.

14:30 Mr. Allison called me in relation to the renewal application. He stated that the application was in the hands of the consultant, Applied Health Physics. The licensee had not put the cover letter on Mercer Lime & Stone letterhead so the consultant had sent it back. He would contact the consultant to find out if the application had been sent to Region I and get back in touch with me.

15:15 Mr. Walker called me back. He stated that the cover letter had not been properly signed. He had returned the document to the licensee. He would keep on top of the situation and make sure the application was sent to the NRC before July 15th. I thanked him for his attention to the matter.
