Mr. Paul H. Lohaus
Director, Office of State and Tribal Programs
United States Nuclear Regulatory Commission
Washington, DC 20555

Dear Mr. Lohaus:

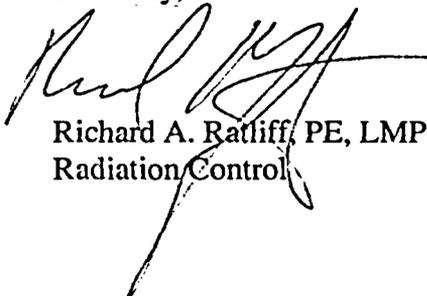

The Texas Department of State Health Services, Radiation Control, would like to offer to sponsor the G-205 Root Cause/Incident Investigation Workshop at our headquarters in Austin, Texas.

Texas is limited in its ability to send students out-of-state for training and it would be beneficial to have this course in Austin, so that staff have the opportunity to attend.

Marilyn Kelso will be available to coordinate a location for these courses and help with any other items necessary to facilitate this sponsorship.

We appreciate your consideration of this request and look forward to working with you on the details. If you should need further information or clarification, please don't hesitate to contact me.

Sincerely,

Richard A. Ratliff, PE, LMP
Radiation Control
