Subject: Requested Information--Monticello

Hi Jennifer,

Attached, please find the following requested documents regarding terrestrial ecology for your preliminary review. Jim and I are still working on a formal electronic deliverable containing your document requests-- we anticipate this being complete sometime next week. These documents will be included in that deliverable for docketing purposes.

1) Memorandum of Understanding dated April 12, 2002 between Northern States Power, Minnesota and USFWS Region 3 et al.

<<MNGP-054 FWSmou.pdf>>

2) Current Vegetation Management Guidelines, Xcel Energy (this appears as two documents-- graphics-heavy cover pages and vegetation management guidelines)
<<05-03-213 VM Guidelines CVR.pdf>> <<Apr 22_05-03-213 VegetationManageGuidelines.pdf>>

3) Letter from S. Hoffman, MNDNR to Y. Abernethy, CNS, re: Request for Natural Heritage Information for vicinity of Monticello Nuclear Generating Plant and Transmission Line Corridors, July 28 2004

<<MDNR07282004.pdf>>

As I am sure you are aware, Emily Franklin has left the Monticello license renewal team. I will be assuming all of her responsibilities; please feel free to contact me at anytime!

Thank you,

Britta A. Johnson
