I. MANAGEMENT ACTIONS

- A. Two contractor employees attempted to subvert drug/alcohol tests by providing urine outside the temperature range. Both individuals were directly observed while providing a second specimen. The second specimen on the first individual tested positive for marijuana and the second specimen for the other individual tested positive for marijuana and opiates. These individuals were denied unescorted access and turned over to their employers.

- B. Eight contractor employees tested positive on their pre-access tests. They were denied unescorted access and turned over to their employers.
