Subject: Re: Summary of 6/28 conference call - GE methods Issue

Rick,

You did a good summary. I modified item 9, adding additional explanation.

>>> Rick Ennis 06/28/05 06:14PM >>>
Brian,

Attached for your information is a summary documenting our call today with Entergy and GE concerning the GE methods issue.

thanks,

Rick

Summary of 6/28/05 Call Regarding GE Methods Issue For Vermont Yankee EPU

Participants

NRC - TMarsh, ZAbdullahi, JWermiel, TUises, JUhle, SRay, JStang
Entergy - CNichols, JMcCann, JDreyfus, RVida, LGucwa, EDuda
GE - LQuintana, MHarding, BMoore, JKlapproth, JTuttle, MDick

Purpose

Followup call to 6/23 management call between Entergy and NRC to discuss the GE methods issue as it relates to the VY EPU and to make the 6/30 public meeting more productive.

Call Summary

- 1) VY's EPU submittal relies on GE's interim process. Based on draft RAIs issued recently, Entergy believe the overall EPU schedule would be delayed significantly if all the RAI issues were to be addressed.
- 2) In order to have more timely resolution of the issues, Entergy/GE will propose an alternate approach to resolve the staff's concerns pending long-term resolution of the issue.

— REDACTED —

10) The staff will review the existing RAIs and determine which RAIs would still need to be answered given the alternate approach and will revise the RAIs as needed. The staff will try to complete this effort prior to the 6/30 meeting and provide the revised RAIs to Entergy.

11) Entergy and GE will continue discussions and determine if they would like another conference call prior to the meeting. Entergy will contact the staff if another call is desired.

12) It was agreed that the goals for the 6/30 meeting were: (a) Entergy/GE will restate the proposed alternative approach; (b) the staff will decide which RAIs need to be addressed either on the VY docket, or by GE generically.; (c) Entergy will determine the response time on the VY RAIs so that the staff can re-establish the EPU review schedule.
