Subject: Telephone conference call

Dr. Sessums:

Part of the process of issuing a new license is to hold a telephone conference call with the applicant (yourself) and the RSO for me to explain all the license conditions contained in the license. If discrepancies are identified then the license can be changed before issuance. Attached is draft copy of your license. Please let me know time/date that I can call you. Teleconference usually last between 15 to 30 minutes. I'm in Central Time Zone, you are 4 hours behind me. I'm available today Wednesday and Thursday of this week. Let me know.
