Mr. Steve Hom
U. S. Nuclear Regulatory
Commission
15B18
Washington, D.C. 20555

Dear Steve:

We received yesterday the "Response of TU Electric to Comments of Cap Rock Electric Cooperative, Inc." Cap Rock would request that notwithstanding the patent irrelevance of much of TU Electric's response, the Staff study carefully the sundry allegations, personal attacks, and innuendo contained therein. When Cap Rock has the opportunity to respond to the Texas Utilities' submission, the baselessness of its claims will be readily apparent. Given the volume of Texas Utilities filing, and the unavailability of Mr. Adragna, who is out-of-town next week, Cap Rock cannot respond immediately. However, we intend to reply as soon as is practicable.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Eric A. Bilsky
