License No. 37-28359-01

03031046

Dear Sir or Madam:

Please amend license 37-28359-01 by removing all references to use of the Novoste Beta-Cath device permitted in item 6F of the license. The Novoste Beta Cath device including the enclosed Sr-90 sealed sources were returned to Novoste on August 4, 2004. This was the only sealed source possessed by the hospital under this authorization. Attached is a copy of the FedEx delivery confirmation report for the return of the device to Novoste.

If you have any questions or if you need any additional information, please feel free to contact me.

Sincerely,

John Kristel  
Chief Operating Officer
