MEMORANDUM TO: Glenn M. Tracy, Director
Division of Nuclear Security
Office of Nuclear Security and
Incident Response

FROM: Roy P. Zimmerman, Director /RA by MWeber for/
Office of Nuclear Security and
Incident Response

SUBJECT: APPROVAL OF INDIVIDUALS TO ACT AS AUTHORIZED DERIVATIVE
CLASSIFIERS AND DESIGNATORS OF SAFEGUARDS
INFORMATION

Under the responsibility assigned to me in U.S. Nuclear Regulatory Commission (NRC) Management Directive and Handbook (MD) 12.2, Part I, paragraph B.1.b, I am requesting that Messrs, Johannemann, Frazier, and Livingston of the Office of Nuclear Security and Incident Response (NSIR), Division of Nuclear Security (DNS), be designated as authorized derivative classifiers in order to more effectively and efficiently carry out NSIR's mission. These individuals are directly responsible for the creation and review of classified policy, regulatory, technical, enforcement, and guidance documents; or review of classified documents developed by contractor personnel. These individuals are assigned to the Fuel Cycle and Special Security Programs Section. As such they handle a significant number of classified documents being created or reviewed. Accordingly, I am requesting these individuals be designated as an authorized derivative classifier to ensure timely review and classification of work products developed by NSIR staff and contractors. I understand that these individuals will be required to complete classifier training and a proficiency exam before they may perform classification duties.

Separately, under the authority assigned to me in NRC MD 12.6, Part I, paragraph D.2, these individuals are also authorized to designate information as Safeguards Information (SGI) after they complete designator training and a proficiency exam. They are directly responsible for the creation and review of SGI policy, regulatory, technical, enforcement, and guidance documents; or review of SGI documents developed by contractor personnel.
