

July 27, 2005

Office of Nuclear Reactor Regulation
U.S. Nuclear Regulatory Commission
Washington, DC 20555

ATTN: Director

Subject: Docket No. 50-607, Facility Operating License No.R-130
 Submittal of UCD/MNRC response to NRC letter (EA-05-007) dated July 19, 2005
 Issued by Office of NRR.

The UCD/MNRC does not currently produce or transport any of the Radionuclides of Concern (U) listed in Table A of Attachment B of the subject letter, so compliance with the additional ASM's of Section B of Attachment B for items listed in paragraphs A.1.a and b of Attachment B is not currently required for the UCD/MNRC.

With respect to paragraph A.1.c. of Attachment B, the UCD/MNRC will be in full compliance with requirements in place at the time when that type of shipment is planned.

If there are any questions or concerns with this response please contact me at (916) 614-6200, and/or e-mail me at wgsteingass@ucdavis.edu.

I declare under penalty of perjury that the foregoing is true and correct. Executed on July 27th, 2005.

Respectfully Submitted

Walter Guy Steingass
Reactor Supervisor
McClellan Nuclear Radiation Center
University of California, Davis

cc: Director, Office of NRR
Director, Office of NMSS
Assistant General Counsel for Materials Litigation & Enforcement
Marvin M. Mendonca
