Thanks Chris, I received the copies of this document yesterday.

We noticed this in the Federal Register this morning and we have not received a copy in Piketon:

\2\ Attachment B contains Safeguards Information and will not be released to the public.

Is it possible to get a copy delivered to me as soon as possible? Since there is sensitive information within the attachments and if there are not too many pages, I can provide you with a classified fax number. Please let me know what you find out regarding this issue.

Thanks!
