Subject: YGO test observations

Steve:

Reference: your phone call on Wed., Aug 3.

Steve, in the attached you will find some preliminary observations based on tests we directed NMMSS to do a few weeks ago. As you requested, I'm passing this along prior to the meeting Monday. The attached is intended as means to share our observations with you and to facilitate your development of future reporting methods. It is not intended to be all inclusive and we recognize the need to work together on this important issue. We look forward to additional discussions Monday.
