Summary: 16:00 8/3/2005 I left a message on Mr. Giomuso's voice-mail for him to get back in touch with me concerning the amendment request.

09:30 8/4/2005 I spoke with Mr. Tellefsen about what was needed for completion of the license amendment and upcoming changes to the license. I requested that a written reply include the authorization being requested for Orestes Sanchez, M.D. and that he will receive training in the use of the patient attenuation device in accordance with 10 CFR 35.590. Also, a statement that the other physicians listed on the license have received the training in 10 CFR 35.590. The license will then be written as a single item for the patient attenuation device and Items 6.A. and B. Will be covered under 10 CFR 35.65. Mr. Tellefsen stated that he would inform management of the request and would fax their reply.

10:00 I spoke with Mr. Giomuso and went over the topics discussed with Mr. Tellefsen. Mr. Giomuso requested that the information be put in writing so that a letter could be drafted.
