Re: Docket No. 50-134
License R-61

I am writing in response to Order EA-05-007, Order Imposing Additional Security Measures.

We currently have no plans to ship RAMQC material, and therefore have no need to implement the ASMs. We will notify the NRC at least ninety days in advance of our first RAMQC shipment if one should be required in the future.

I certify under penalty of perjury that the foregoing is true and correct to the best of my knowledge. Executed on August 5, 2005.

Sincerely,

Stephen J. LaFlamme,
Director, Nuclear Reactor Facility
