Subject: <small>(NOTE: This will be used as the Documents Title in ADAMS)</small>	Voidance of amendment request	
Summary:	I called Van to request additional information about the application to add Daniela Lazea, M.S. as an AMP on this license. I requested a copy of the transcript from her M.S. degree and documentation of a full 2 years of supervised training and experience. Van said he cannot document more than about 19 months of T+E. He said the urgency to add another AMP is now delayed due to delay in construction of another facility. He asked to void the amendment request and intends to resubmit in the future when Daniela can document additional experience. Van said licensee no longer wishes to remove Alfred M. Strash as AMP on this license, they will defer this request until another AMP is added.	
Action Required:	Void amendment request.
