Subject: Response to Order for Additional Security Measures on the Transportation of Radioactive Material Quantities of Concern (EA-05-007, July 19, 2005)

Dear Sir:

This letter provides the Rensselaer Polytechnic Institute (RPI) response to the subject Order.

RPI accepts the subject Order. Since the RPI Critical Facility does not have any materials in the quantities requiring the additional security measures, RPI will not immediately implement the additional security measures of the Order. Possession of materials in the quantities of concern is not anticipated. In the unlikely event of a change in circumstances, the additional security measures of the Order will be implemented.

I declare under penalty of perjury that the foregoing is true and correct. Executed on August 4, 2005.

Sincerely,

G. P. "Bud" Peterson, Provost
Rensselaer Polytechnic Institute
