Dear Mr. Whitten,

I wish to submit this letter to your office requesting a license amendment to our Radioactive Materials license.

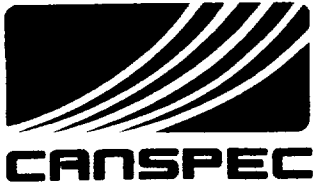

Effective September 01, 2005, the name of Canspec USA will officially be changed to Acuren USA. The company logo will remain the same.

Several business reasons for the name change, but most importantly the name change allows Longview Inspection, Inc. in the USA and our sister companies Canspec Group in Canada and Alaska to become one company.

The name change **does not** reflect any ownership change, financial assurances or negate any prior implied responsibilities of Canspec USA with respect to statements, procedures and regulation compliance.

The process of a company name change is a "time managed exercise" which will include changes in truck decals, stationary, documents, forms, reports, etc. Over a period of the next few weeks and months, all materials relevant to the Radiation Safety Program will be changed to reflect the name change.
