Subject: RE: Annual Surety Update

Dear Ms. Wichers:

By letter dated August 16, 2005, COGEMA Mining, Inc. (COGEMA) requested a deadline extension for submitting its annual surety update for 2005. COGEMA cited time conflicts caused by its internal budget cycle activities and other constraints. COGEMA stated that it will submit the 2005 annual surety update by September 18, 2005. U.S. Nuclear Regulatory Commission (NRC) staff approve this extension. If you have any questions, please contact me at 301-415-7182 or by e-mail at sic7@nrc.gov.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/NRC/reading-rm/adams.html>.

Sincerely,

Stephen J. Cohen, Project Manager
Uranium Processing Section
Fuel Cycle Facilities Branch
Division of Fuel Cycle Safety and Safeguards
Office of Nuclear Material Safety and Safeguards
