Dear Mrs. Janda:

Per our conversation I am contacting you to request a language modification to our license with regard to wording used in the "Authorized Use" section.

To ensure that no ambiguities exist with regard to the treatment of polyvinyl alcohol (PVA) based materials we request that the following wording, or something having the same meaning, be used:

For the collection, laundering and decontamination of contaminated clothing and other launderable non-apparel items; for the collection and decontamination of respirators and other such non-launderable non-apparel items that are used in conjunction with a protective clothing program; for the collection and treatment of polyvinyl alcohol-based garments and other polyvinyl alcohol-based non-apparel items; and for the possession of contaminated equipment in the licensee's portable laundry unit.

This request is being made to ensure that language exists to cover non-apparel items such as mops, decon wipes and other products manufactured from PVA that are compatible with our OREX decontamination and treatment process. If you have any questions relative to this request please contact me at your convenience.

Sincerely,

Mark S Fellows
Vice President - Operations
