In reference to your request for additional information, the following is being submitted to continue the review of Cumberland River Coal Company's application.

- 1) The Radiation Safety Officer, William C. Spry, listed in item 7 of our application will be trained by SAIC. Any other Management appointed "Responsible Individuals" will also receive the SAIC training. The minimum subjects covered are as described in item 7 of our application.
- 2) Referencing Leak Testing
SAIC License R-1069-F98

Leak tests will be performed by the installer, SAIC, or by some other individual specifically licensed to perform leak testing. Cumberland River does not presently own a Leak Detective Kit, nor does Cumberland River plan at this time to appoint any of their employees to do leak tests. If, however Cumberland River should at some future time decide to do their own leak tests, the management appointed "Responsible Individuals" will be trained by SAIC. Any Leak Detection Kit used will be as approved by the NRC.

In reference to the change of ownership from Agipcoal to Cumberland River Coal Company, the following is provided for item 4c of the change of ownership guidelines.

- 1) Cumberland River Coal Company purchased 100% of the stock of Agipcoal
- 2) Don Hall is no longer a Safety Officer. William C. Spry will continue as a Safety Officer
