Docket No. 70-36

R

Combustion Engineering, Inc.
ATTN: Mr. H. V. Lichtenberger
Vice President
Manufacturing
Nuclear Power Systems
Windsor, CT 06095

Gentlemen:

The purpose of this letter is to inform you of organization changes in Region III. Mr. James G. Keppler has been detailed to head a new Office of Special Projects responsible for the TVA and Comanche Peak Projects. I have been appointed Acting Regional Administrator until the major NRC reorganization becomes effective in April. At that time I will become the Regional Administrator.

I have assigned Dr. Carl J. Paperiello as the Acting Deputy Regional Administrator and Mr. Nicholas J. Chrissotimos as Acting Director, Division of Reactor Safety. Carl had been the Director, Division of Reactor Safety and Nick was his Deputy. The permanent assignment of the Deputy Regional Administrator will be determined at a later date.

Enclosed are updated organization charts for Region III.

I look forward to continued productive and professional relations between us and our organizations.

Sincerely,

Original signed by
A. Bert Davis

A. Bert Davis
Acting Regional Administrator

Enclosure: As stated

**U.S. NUCLEAR REGULATORY COMMISSION
REGION III**

February 1987

Executes established NRC policies and assigned programs relating to inspection, licensing, investigation, and enforcement within Regional boundaries.

Acting Administrator A. Bert Davis
Acting Deputy Administrator Carl J. Paperiello

**Office of Investigations
Field Office**

Physically located in RIII but not a part of RIII organizational structure

Director ET Pawlik

Public Affairs Staff
Implements the NRC policies and programs for Public Affairs in the Region.
Public Affairs RJ Strasma
Officers RJ Marabito

Regional Counsel
Advises the Regional Administrator on Legal issues.
Regional Counsel BA Berson

State and Govt Affairs Staff
Provides State and governmental liaison.
Chief RM Lickus

Enf. & Invst. Coord. Staff
Coordinates regional enforcement & allegation investigation activities. Assists RA's Office in regional program review and development.
Director JA Grobe

Division of Reactor Projects
Performs project mgmt of assigned NRC programs for licensed power and non-power reactors within Regional boundaries. Administers reactor licensing activities and the Systematic Assessment of Licensee Performance (SALP) Program.
Director CE Norellus
Deputy Dir EG Greenman
Asst to Dir DC Boyd

Division of Reactor Safety
Performs inspections and evaluations in specialized fields of engineering, plant systems operation and testing & quality assurance. Conducts reactor operator licensing program. Provides engineering & technical support to reactor licensing activities.
Acting Dir NJ Chrissotimos
Deputy Dir NJ Chrissotimos
Asst to Dir CC Williams

Division of Radiation Safety and Safeguards
Performs inspections and evaluations in emergency planning, radiological safety, material control & accountability, physical security, & environmental monitoring. Administers materials licensing program and conducts independent measurements program. Prepares for Regional response to licensee emergencies.
Director JA Hind

Division of Resource Management & Administration
Performs Regional administrative functions in personnel administration EEO & training, contract administration, budget and fiscal management, ADP, security administration, space and property management, telecommunications, general administrative services, and FOIA responsibilities.
Director GW Roy

Technical Support Staff
Coordinates & implements licensing review functions & inspection & enforcement activities at non-power reactors.
Chief ER Schweibinz

Operations Branch
Performs operator license exams, inspections & evaluations in engineering & operations areas (QA, pre-op, start-up, & other testing; procedures and training).
Chief CW Hehl

Emergency Preparedness & Radiological Prot. Branch
Performs emergency preparedness, reactor radiological and fuel facility safety, and environmental inspections. Conducts independent measurements program and operates Regional lab facilities.
Chief WD Shafer

Administrative Management Branch
Performs records, files and space mgmt, telecommunications, mgmt information services & data processing, security administration & FOIA activities.
Chief H Pappas

Projects Branch No. 1
Performs project mgmt for power reactor in construction, test, startup, operation and decommissioning phases.
Chief RF Warnick

Engineering Branch
Performs inspections and evaluations in engineering areas (fire protection, civil, structural, mech., elect., welding, inservice and NDE, surveillance, calibration, refueling, & containment testing).
Chief JJ Harrison

Nuclear Materials Safety and Safeguards Branch
Performs materials and safeguards inspections and administers the materials licensing activities.
Chief WL Axelson

Resource Management Branch
Performs budgeting, accounting, procurement, travel, property mgmt, & contract administration.
Chief MJ Kerlin

Projects Branch No. 2
Performs project mgmt for routine reactive inspections during all phases of construction, testing, or operation.
Chief WG Guldemond

Projects Branch No. 3
Performs project mgmt for power reactor in construction, test, startup, oper. & decommissioning phases.
Chief WS Little

Personnel Staff
Provides and coordinates Regional personnel services; training activities & equal employment opportunity administration.
Chief MB Turnbore
