George M. France, III  
Fuel Facilities Inspector  
U.S. Nuclear Regulatory  
Commission, Region III  
799 Roosevelt Road  
Glen Ellyn, Illinois 60137

Dear Sir:

This is to confirm my verbal request on 19 April 1988 for effluent release data covering 1983-87 operations at the Combustion Engineering, Hematite, Missouri facility, Docket No. 70-36.

This information is needed to support preparation of a new Environmental Protection Agency Background Information Document on the commercial fuel cycle.

Very truly yours,

ROY F. WESTON, INC.
