Subject: Organization Announcement

Effective immediately, Michael F. Barnoski is appointed President, ABB CE Nuclear Operations, with responsibility for the U.S. nuclear fuel and service businesses. Mike has been with ABB/CE for eighteen years, and held a variety of assignments in domestic and international nuclear plant projects. Most recently he was Vice President, Strategic Operations for the Nuclear Business Area, with a focus on expanding systems and service business in Korea and China.

Mike will be located in Windsor and report to me.

Richard S. Siudek
